1. What is Psychology?
2. B = F(P,E) Explain?
3. Explain Psychology as a social science?
4. Explain Psychology as a natural science?
5. Explain the development of Psychology in India?
6. What is constructivism?
7. Explain about Introspection method?
8. Explain about the various schools of Psychology?
9. What is Applied Psychology?
10. Define the word Education Psychology?
11. What is a sport Psychology?
12. What is cultural and cross cultural Psychology?
13. What is social Psychology?
14. What is Environmental Psychology?
15. What are the various popular themes in Psychology?
16. “Mind will not exist without Brain” Explain?
17. What are the various branches of psychology?
18. How Psychology will be helpful in everyday life?
19. Explain the relationship between Psychology and various other subjects?
20. What is sports psychology?
1. What are the various goals of Psychological Enquiry?
2. What are the various steps in conducting scientific research?
3. What is the systematic procedure of observation method?
4. What are the various types of observation?
5. Define the word variables and what are its types explain?
6. Explain Halo effect or personal bias?
7. Explain experimental method of investigation?
8. What are the types of experiments in psychology?
9. What are norms, reliability, validity explain?
10. What is survey research and explain?
11. What is correlational research and explain its types?
12. What is Telephone survey?
13. What are the various types of tests?
14. What is case study?
15. What are the ethical issues in Psychological enquiry?
16. What are the limitations of Psychological enquiry?
1. What are the three factors which are differentiating modern human beings from ancestors?
2. What is evolution explain?
3. Define neuron?
4. Explain the structure of a neuron?
5. What is synapse and synaptic cleft?
6. Explain about C.N.S?
7. Explain about P.N.S?
8. Explain the structure of Brain?
9. Explain about Endocrine Glands?
10. Explain the functions of Gonads?
11. What is heredity?
12. What is Genetics?
13. Explain about chromosomes?
14. What is socialization and what are the various agents of socialization?
15. What is Enculturation and how it takes place?
16. What is Acculturation and what are its strategies explain?
1. Define the word Growth and Development?
2. What is maturation?
3. What is genotype and phenotype?
4. What is Evolution?
5. Explain the context of development of Urie Bronfenbner?
6. Explain the context of development of Durganand Sinha?
7. What are teratogens explain?
8. Explain the cognitive development according to Jean Piaget?
9. What is cephalocadal and Proximo-distal sequences of development?
10. What are the various characteristics of Pre operational development?
11. Explain moral development theory of Kohlberg?
12. Explain socio and emotional development?
13. Explain the Physical development in adolescents?
14. Explain the cognitive development in adolescents?
15. Explain the development in adulthood?
16. Explain the various features of old age?
1. What is Attention?
2. What are the various sense organs?
3. What is sense modality?
4. What is light adaptation?
5. What are the various types of Attention?
6. What is selective attention and what are the theories to explain selective attention?
7. What is sustained attention and what are the factors affecting sustained attention?
8. Explain the structure of Eye?
9. Explain the structure of Ear?
10. Explain the various dimensions of colour?
11. What is ADHD?
12. What is illusion and hallucinations?
13. What are the processing approaches in perception?
14. What is perception and what are the factors affecting perception?
15. What is illusion and hallucination?
16. What are the monocular cues of perception?
17. What are the binocular cues of perception?
18. What are the principles of perceptual organization?
1. What is the meaning of the word learning?
2. Explain Classical Conditioning theory of Learning?
3. What are the determinants of classical conditioning?
4. Explain the operant conditioning theory of learning and its determinants?
5. Explain the principles of key learning process?
6. What is learning by observation?
7. Explain the theory of insight learning?
8. What is latent learning?
9. What is verbal learning and what are its methods of study in verbal learning?
10. What is concept learning Explain?
11. What is the meaning of the word skill? What are the phases of skill learning?
12. Explain the concept transfer of learning?
13. What are the factors facilitating learning?
14. What are the various approaches in learning styles?
15. What are the various symptoms of learning disabilities?
16. What are the applications of learning?
1. What is memory?
2. What is the nature of memory?
3. Explain stage model theory of memory?
4. What are the various types of long term memory?
5. What is forgetting?
6. Explain the nature of forgetting?
7. What is dual coding hypothesis?
8. Explain various theories of forgetting?
9. How will you enhance memory among children?
10. What are the various pathologies related to memory?
11. What is functional fixedness in problem solving?
12. What is short term memory?
13. Explain forgetting due to trace decay and what are its limits?
1. What is thinking?
2. What is the meaning of the concept?
3. What is the meaning of the word prototype?
4. What are the building blocks of thought?
5. What is problem solving and what are the obstacles in problem solving?
6. What is reasoning and what are its types?
7. Explain about decision making?
8. What is the nature of creative thinking?
9. Explain the process of creative thinking?
10. What are the barriers of creative thinking?
11. What are the various strategies for creative thinking?
12. What is linguistic relativity hypothesis?
13. How the language development takes place among children?
14. What is the meaning and nature of language?
15. Explain thought as determinant of language?
1. What is motivation?
2. What are the various types of Physiological needs?
3. How sex motive is different from other primary motives?
4. What are the various Psycho-social motives?
5. Explain about the Maslow’s hierarchy of needs theory and how it will be helpful to motivate people in work situations?
6. Explain the concept self-actualization need of Maslow?
7. What are the various types of Emotions?
8. Define the meaning of the word Emotion?
9. How you will control the negative emotions?
10. What are the various ways of enhancing positive emotions?
11. What are the two theories to explain the nature of emotions?
12. How emotional development takes place in adolescents?
13. What is PTSD?
14. Explain about Poly Graphs or Lie detectors?
